

Mohammed Abdul Bari

+91 7995108920 | mdbari1999@gmail.com | [Portfolio](#)

PROFILE

Data Analyst skilled in Excel, Power BI, Python, and SQL with hands-on experience building dashboards and analysing datasets to generate actionable business insights. Completed multiple end-to-end projects involving data cleaning, EDA, and visualisation. Engineering background with strong analytical and problem-solving skills.

EDUCATION

Bachelor of Engineering in Electronics and Instrumentation Engineering
Muffakham Jah College of Engineering and Technology

Jun 2018 – Apr 2022
Hyderabad, India

SKILLS

Technical & Analytical: Python, SQL, Statistics, Exploratory Data Analysis (EDA), Feature Engineering, Generative AI, ETL, Data Cleaning and Modelling

Tools & Platforms: Excel, Power BI, Tableau, Snowflake

Soft Skills: Data Visualisation, Storytelling, Problem Solving, Client Communication

CERTIFICATIONS

- Python Essentials 1, Cisco Networking Academy – Feb 2025
- Data Analytics & Visualisation Job Simulation, Accenture (via Forage) – May 2025
- Master Data Analysis: Python, EDA, Stats, Excel, SQL, Power BI, Tableau, ETL, Snowflake & Feature Engineering – Udemy – Feb 2025

EXPERIENCE

Labmentix

Remote

Intern – Data Analytics

Feb 2026 – Present

- Worked on data analytics projects using Excel, SQL, Python, and Power BI
- Performed data cleaning, transformation, and exploratory data analysis (EDA)
- Built interactive dashboards to track KPIs and business metrics
- Analysed datasets to identify trends and support data-driven decision-making
- Collaborated with mentors and followed structured project workflows

Data Analytics and Visualisation Virtual Experience – Accenture (via Forage)

Remote

Data Analyst – Virtual Experience (Accenture via Forage)

Dec 2024 – May 2025

- Analysed and modelled 7 datasets to uncover content performance trends using Excel and Python
- Cleaned and prepared data for analysis, ensuring high-quality reporting and insights
- Visualised key findings using PowerPoint and storytelling techniques to communicate with stakeholders
- Delivered a final presentation deck and video, supporting data-driven decision-making
- Gained practical skills in data cleaning, modelling, visualisation, client communication, and business analysis

Sodexo (deployed at Dr. Reddy's Laboratories)

Hyderabad, India

Engineer – Instrumentation

Apr 2022 – Dec 2022

- Assisted in installation, calibration, and maintenance of instrumentation equipment in pharmaceutical manufacturing
- Monitored and analysed system performance data to identify and resolve issues proactively
- Collaborated with cross-functional teams to ensure compliance with quality standards and regulatory requirements

- Developed problem-solving, technical troubleshooting, and documentation skills in a regulated environment

PROJECTS

Walmart Sales Analysis Dashboard (Excel | Power Query)

[!\[\]\(99f58673407353e96a019fbca558fd72_img.jpg\) GitHub](#)

- Cleaned and transformed raw sales data using Power Query to ensure accuracy and consistency
- Built an interactive dashboard using Pivot Tables, slicers, and charts to analyse sales trends
- Designed KPI metrics such as total sales, average weekly sales, peak sales, and holiday sales %
- Identified peak seasonal sales trends, helping understand holiday-driven revenue patterns

Customer Shopping Behaviour Analysis (Python | SQL | Power BI)

[!\[\]\(a870788d6ed9b8fd294b7654a8c8526b_img.jpg\) GitHub](#)

- Analysed 3,900+ transactions to identify purchasing patterns and customer behaviour trends
- Performed data cleaning and exploratory analysis using Python and SQL
- Generated insights to support customer targeting and business strategy
- Segmented customers based on purchasing behaviour to support targeted marketing strategies

Sales Data Analysis Dashboard (Power BI)

[!\[\]\(6059a5aa8b4ca7bb793408023d6c6e42_img.jpg\) GitHub](#)

- Developed an interactive dashboard to analyse sales performance, revenue trends, and category insights
- Developed key KPIs such as total sales, profit, and regional performance
- Enabled data-driven decision-making through visual insights

ACHIEVEMENTS

- Completed Accenture Data Analytics & Visualisation Virtual Experience, gaining hands-on skills in data cleaning, modelling, visualisation, and client communication
- Earned Python Essentials 1 (Cisco Networking Academy) and Master Data Analysis (Udemy) certifications, demonstrating proficiency in Python, SQL, Power BI, Tableau, and advanced data analytics techniques
- Delivered Predictive Sales and Financial Dashboards projects, improving reporting efficiency by 40% and optimizing inventory management, demonstrating strong problem-solving and analytical skills

WORK ELIGIBILITY

- Available for relocation and immediate joining.
